FINANCIAL STATEMENTS FOR THE PERIOD ENDED **MARCH 31, 2019**

DIRECTORS REPORT

The Directors of your Company are pleased to present you condensed interim financial information (un-audited) of the company for the third quarter ended March 31, 2019.

Company Performance

Despite uncertainty all over the world in general and leather industry in particular, the management of your company is very optimistic and keen to safeguard the interest of shareholders of the company.

There has been continuous fall in leather garment exports and its allied products, consequently in production since the last couple of months due to problems both at the local and as well as international scenes.

Inflationary trend and tough competition from different guarters and continued recession in the international leather market, the export sales of the company during the nine months ended March 31, 2019 restricted to Rs.40.555 million compared to Rs. 44.558 million, resulting of 8.98% decreased as compare to the corresponding period and leaves a lot to be desired.

Because of low sales volume, as a result of better control over costs, selling distribution and administrative expenses, the company suffered loss after tax Rs. 9.127 million during the period under review.

Future Out look

Karachi: April 29, 2019

Under the circumstances, the management is making all out efforts to secure orders and has taken steps to cut operating expenses to minimum to withstand any lean period.

We are optimistic and do hope that the situation will take turnaround and the management of the company would be able to make more export sales and improve financial results in coming months.

The directors take this opportunity to thanks our valued customers, bankers, shareholders for the trust reposed by them in the company. We wish to convey our appreciation to all of our staff for their dedication and hard work. This is a team work and we hope it shall continue in the same spirit during coming years.

By order of the Board
